Good Morning, Liz,

Thank you for meeting with us yesterday. As mentioned, we're desirous of turning a piece of green space south of Building 14 into a nice fenced in, leash-free puppy park for our residents' use. We feel that this would be a great added amenity to the project. Attached please find a PDF draft of the design concept that we're working on. If you have no objections to this concept, I would like to consider this email and the attached as a memo to the file for purpose of adding this to our plan. We will of course consult with the Building Dept to obtain whatever permits necessary for the fence & fountain. We otherwise would like to formalize this incorporation when we as-built Building 14.

Thank you!

Best,

Brett J. Gelsomino
