4800 West Copans Road
Coconut Creek, FL 33073

To Whom It May Concern:

The gates are designed to replace the vehicle blockers that we currently use after hours to secure the property. These blockers are moved into position at 9:00 PM and removed at 7:00 AM when we open. The security gates will be used in the same fashion that the blockers are currently used.

The keys to the gate will be kept with the sales managers who will lock the gates at 9:00 PM, and the service and parts managers who will open them at 7:00 AM.

Kind regards,

Rob Oseid
