Subject: RE: Winston Park Publix Paint Rendering

Heidi,

Correct we are only painting the plaza and the monument sign at the street, we are not painting the outparcels. The monument sign is going to be one of the lighter colors, not the darker, so that will not look very different at all, just a fresh coat of paint. Hopefully this answers your questions!

Thank You,

Zach Siebert

Hi Zach,

Thank you for the information. The colors look good. I am assuming that the plaza is painting their main building only and not the outparcel buildings (the bank and the convenience store)?

Also, have you discussed with your client any changes to their sign along Lyons Road? Will this be painted to match the new plaza colors?

When you have a minute, please let me know.

Thanks.

Heidi Solano

Heidi,

Thank you so much for your time and help. I have attached a copy of the rendering for your and the city's records. Should you have any questions or concerning please feel free to contact me at anytime!

Thank You,

Zach Siebert
